PIPA Pigeon Paradise

Erik LIMBOURG

None other than Erik Limbourg has chosen PIPA to hold an exclusive auction selling all his pigeons born in 2025 and earlier.

Possibly the best all-round colony in Belgium, winning races from 100 to 1,000 km. This means KBDB ace pigeons, national winners and superb breeders will be up for auction … along with plenty of collectors' items and, of course, descendants of the extremely successful Geeloger dynasty.

Only the very biggest names in pigeon racing remain at the absolute top for decades on end; Erik Limbourg is one such icon. In the past, he led illustrious names such as Blue Ace, Lucky 85, Eagle Eye, Black Magic, The Gilbert and Witpen Patron to national successes. More recently, with Triple 5 Barcelona, Playboy Gilbert, Power, Creone Roeper, Laurence and De Geeloger, he has been honoured both nationally and internationally. The modern breeding programme – and therefore also the racing team – is an ideal blend of all the great names from various generations of Limbourg's champions.
A team that, naturally, has once again managed to claim podium places in many national races and in the KBDB and PIPA Ranking championships.

Between 2021 and 2026, Erik Limbourg recorded 21 national and provincial KBDB championship and ace pigeon distinctions.

The principal achievements include 1st National KBDB Ace Pigeon Allround Old Birds & Yearlings, 2nd and 3rd National General Champion KBDB, 2nd National KBDB Champion Long Distance Old Birds, together with several additional top-five National KBDB Ace Pigeon rankings.

These results demonstrate a sustained level of performance across several KBDB disciplines, from Allround and Great Middle Distance to Long Distance and Extreme Long Distance, and confirm the consistent quality of the Erik Limbourg racing team during the 2021–2026 period.

One of the finest Limbourg pigeons ever –Geeloger – is a pigeon who appears frequently in the international pigeon press. **A pure Willem de Bruijn pigeon, bred from Brother Super James x Sister Uranus. He was crowned 1. National Ace Pigeon KBDB all-round old + yearlings in 2023 and subsequently moved to the renowned breeding lofts of the Eijerkamp family.** There, he developed into a superb breeder in record time. Not a single race goes by without the Geeloger's descendants excelling for the Dutch super champion. But certainly also at the satellite loft Team Eijerkamp Pulderbos (Belgium), which, in its debut year of 2026, won 1. National Argenton (fastest of 19,945 pigeons) with a granddaughter of Geeloger!

Some highlights at Eijerkamp with Geeloger's grandchildren:
1. Nat. Young Ace Pigeon PIPA ranking

A half-brother of Geeloger, racing for Kaier Europe managed by Pascal Ariën, became the sire of the wonder pigeon Burj Khalifa ... the star of the 2025 Dubai Int. OLR, with honours including 1. Champion of Champions, 2nd Super Ace, 3rd Grand Average and 1., 4th and 5th prizes in the Hot Spots.
She is the sister of, amongst others,
1. Nat. Zone Bourges 1,183 birds / 4. Nat. 7,666 b.
1. Prov. Melun 9,551 birds
1. Pont 331 birds
2. Soissons 914 birds

7. Soissons 3,066 birds
10. Soissons 2,331 birds

...

At Kaier and Pascal Ariën's loft, the Geeloger bloodline has now become a very important 'gold vein'. Nestsister Geeloger, was purchased from Erik Limbourg and, in just one year's time, became, according to Pascal, 'the best breeding hen he had ever had'. Only four of her offspring (paired with Burj Blue, brother Burj Khalifa) were raced as youngsters in 2026, and together they won 22 first prizes out of 100, with highlights including the:
3. Nat. Argenton 13,988 birds
1. Soissons 3,023 birds
1. Pont 8,952 birds

24. Soissons 2,973 birds
27. Morlincourt 19,219 birds

...

Geeloger's parents were also acquired by Kaier/Pascal Ariën, meaning that in 2026 a full brother and a full sister to Geeloger were raced as youngsters. They were often beaten by loft mates, but together they still won 9 first prizes in the top 100, including:
2. Soissons 3,066 birds
5. Soissons 1,340 birds
6. Momignies 1,036 birds
7. Momignies 1,036 birds

The Erik Limbourg auction on PIPA naturally includes many descendants of the Geeloger, a 100% W.A. De Bruijn pigeon. The auction also includes quite a few other top pigeons from the legendary Willem de Bruijn, such as a superb son of Uranus; a top breeder of the purest kind.

The De Bruijn pigeons were specifically introduced to strengthen and complement the Roeper family. This combination was a natural fit, as both families trace back to the highly valued old Heremans bloodlines. In fact, "Roeper 593" is 50% Heremans, making the renowned Heremans genetics an important cornerstone of this successful family.

Creone Roeper - National Ace, exceptional racer and the foundation of a new generation

Few pigeons combine class, consistency and breeding value quite like Creone Roeper BE19-2008603. This outstanding champion of Erik Limbourg was crowned 1st National Ace Pigeon Long Distance Yearlings KBDB 2020, after a magnificent season highlighted by 6th National Limoges 9,756 birds and 8th National Brive 4,238 birds, winning 1st Provincial in both classics. Already as a youngster he had shown his exceptional quality, finishing 11th National Ace Pigeon GMD Youngsters KBDB 2019.

Bred from the phenomenal "Der 593" x "Super 245", Creone Roeper was born from one of the golden matings at the Limbourg loft. His pedigree is surrounded by exceptional performers, including his famous half-sister Laurence, 2nd National Ace Pigeon Long Distance Yearlings KBDB 2019.

The line is already continuing through the next generation. Creone Roeper is therefore much more than a National Ace: he is one of those rare champions whose exceptional racing qualities are now being preserved and multiplied through succeeding generations. A cornerstone of the modern Erik Limbourg dynasty and a bloodline built for the future.

Creone Roeper is (half)brother to at least 10 (!) different KBDB Ace Pigeons and his offspring perform very well. Most recent references of the Creone Roeper line are:

1. **Ace Costa del Sol OLR Summer Race – Van Elsacker-Jepsen**
1. **Super Ace Le Colombophilie Belge – Draye-Denies**
1. **Semi-Nat. Nevers 3,291 birds – Draye-Denies**
